

# IAV SPARK 25

IAV Symposium on Pre-ignition,  
Auto-ignition, Reactivity, and Knock

**After more than two decades in Germany, this well-established conference is making its US debut!**

Become a sponsor to gain more visibility among experts from all relevant OEMs focusing on the latest developments in combustion in internal combustion engines!

## Key Topics

- Ignition, flame kernel growth and combustion of conventional and alternative fuels
- Impact of conventional and alternative fuels on efficiency and pollutant emissions
- Irregular combustion phenomena – analysis, avoidance and methods
- Modern virtual development methods including AI approaches
- Control, regulation and latest function algorithms

## Facts

December 2 – 3, 2025  
Shinola Hotel, Downtown Detroit

Around 100 participants

- Chief Engineers
- Technology Managers
- Researcher and Developers

**CFD Workshop by Convergent Science**  
½ Day in the morning of December 2, 2025
